A Message from the Treasurer

Check your mailbox! We just returned \$4 million in Unclaimed Property

Here's a little bit of good news during the coronavirus outbreak. We just mailed \$4 million in Unclaimed Property checks to more than 45,000 Louisiana residents. Every year, we use tax records to update addresses in our Unclaimed Property program. This helps us find you so we can return your lost money.

If you get a check from us, it's real money. And don't forget to search our database for Unclaimed Property. We get new money in every single day.

U.S. Small Business Administration

Business loan program is under way

Through the Paycheck Protection Program, small businesses can apply for forgivable loans due to COVID-19. Act fast. The application process started Friday, and there's a limited supply of loans.
